

Child Day Care - School Building Facilities

On or before the first day of April each year, the Board will compile a list of facilities under its jurisdiction which would have space available for child day care for the benefit of school employees and others during the next ensuing school year.

Such space shall be made available thereafter for use as a child day care facility upon the decision of the Board or upon written request therefore by a duly authorized representative of the local membership of a statewide association of school personnel, a parent-teacher association or any other entity recognized by the Board as suitably responsible for the implementation of such program in the county until such time as the space is deleted from the list for good cause shown.

Such center would be operated in accordance with state guidelines.
