

Student Teachers

The Pleasants County Board of Education may enter into an agreement(s) with institutions of higher education for the training of teachers whereby student teachers may be accepted into the Pleasants County Schools.

Upon the execution of such agreement, the Board must also individually approve all student teacher candidates before placement.

County employees serving as supervising teachers shall be approved by the County Superintendent of Schools.

The objective of the Pleasants County Board of Education is to fulfill its ordinate share of the training of teachers responsibility. The county supervising teacher shall closely supervise, direct, assist, monitor, and share classroom responsibilities with the student teacher such that the educational welfare of students is enhanced, following such guidelines as the superintendent may promulgate.
