

DRIVER EDUCATION

Students enrolled at St. Marys High School have the opportunity prior to graduation to enroll in a course of driver education designed to train him/her to drive skillfully and safely under various traffic and road conditions and circumstances. The driver education program will be instructed by a certified driver education teacher. The implementation of the driver education program shall be in accordance with the standards, guidelines and requirements for approved driver education programs in West Virginia as provided for in policy 2422.2, Driver Education Regulations.

Pleasants County Board of Education shall maintain the discretion of purchasing and/or leasing a vehicle for use in the driver education program. Dealer secured vehicles shall be used for driver education purposes only.
